House Speaker Smith

Join us for breakfast and learn what the state's leadership feels are the most urgent issues to tackle and how this will impact you.

Some top issues include:

- Budget Crisis:** the gap between projected revenues and future expenditures continues to widen.
- Unemployment Insurance Rates:** Current proposals, without benefit adjustments, could cause unemployment taxes to rise six to eight times their current levels.
- Health Care:** The Chamber believes that consumers, not government, offer the best oversight of health care.
- Property Taxes:** How much more will we pay?
- Per Student Costs:** School efficiency is rapidly becoming a necessity.
- Jobs:** What are we doing to attract good jobs to provide for our residents now and in the future?

Bring your questions and your feedback!
